**PROTECT YOUR HOME FROM LOSS DUE TO POSSIBLE SEVERE FLOODING**

**Get Flood Insurance Before the Winter Thaw Begins**

Anyone living in areas with an usual snow and river ice conditions, should protect their property — now — with flood insurance.

According to weather experts, the possibility of flooding is unusually high in many areas if there is a shift to warmer temperatures, resulting in rapidly melting snow and rain. In some parts of the country, the same conditions could cause flooding as a result of ice jams.

Inexpensive flood insurance can be purchased from licensed property and casualty insurance agents and brokers. It covers damage to both residential and commercial structures and their contents, including water and ice damage caused by flooding.

There is a 15-day waiting period between the time the policy is purchased and it becomes effective.

So, if the thaw could put your property in jeopardy, don't wait until warm weather to buy flood insurance. It may be too late.

**To the Voters of the Village of Andover:**

During the short time since being appointed Trustee to fill a vacancy on the Andover Village Board, I have done all in my power to hold the line in excessive spending, which was not beneficial to the Village of Andover.

On January 28, 1978, I was nominated to run on the Republican ticket as a candidate for Trustee.

If I am elected, I will continue to do all in my power to see that Andover has a sound, economical Village government.

I believe that open-minded discussions usually result in the best solutions for problems, and once the solutions are arrived at, all members should give their support to carry them out for the benefit of the Village.

Therefore, with this in mind, I am asking you for your support by voting for me as Trustee of the Village of Andover on Tuesday, March 21, 1978.

**HOWARD E. McANDREW**

**Please Exercise Your Right To Vote !**
