"Lazy-Eye" Clinic At ACS Saturday, April 29

The Andover Lions Club in cooperation with Andover Central School Board of Education, is conducting a "Lazy Eye" Clinic on Saturday April 29, 1978 from 10 AM - 12 Noon for all children who were three years old or before December 1, 1976.

"Lazy-Eye" or "Amblyopia" is a condition of the eye which if detected at an early age can be corrected. This is a condition that can directly affect a child's ability to read and to learn.

Appointments have been mailed to all three year olds who are on the local school census. If you have a three year old who does NOT receive an appointment card please call 478-8491 or 478-8491.

Mr. Lyndon Goodridge, Vision Chairman, and his committee of the Andover Lions Club, is coordinating this important program with the assistance of Mrs. Charis McCormick School Nurse Teacher. There is, of course, No Charge for this valuable exam.

Track News

The Boys Track Team continues to practice working for their first meet on April 24.

The Girls also have a Track Team, and have about 15 girls participating. They will have their own Meets, and the first one will be April 25.

The two Track Teams will greatly appreciate some support at their Meets.

Allegany Council On Alcohol And Drugs

The Allegany Council on Alcohol and Drugs presented a week-long series April 3 - 7. This was given to the 8th Grade Health Class. This presentation was supervised by Sale Howard from Wellsville. He presented a film called Jackson Junior High, made possible by the Andover Lions Club. After the film, they had group discussion. The students felt the week was very interesting and knowledgeable. Many were informed of things they never knew before.

The Maple Festival '78

Well, here we are with another Maple Festival gone by. This year there weren't as many people as last year. We did have a good turnout. Everywhere you went it seemed like food was gonna be there. Cookies, cakes, ice creams, cotton candy, hot dogs, hamburgers, tacos — you name it, it was there. The Juniors' Taco Stand worked out well. We made a \$300 profit. The seniors' did well with their Sundae with a \$400 profit.

There were all kinds of crafts to be bought. One craft really fascinated me — candle making. These guys were really talented, they made dwarfs, mushrooms, turtles etc. They were really beautiful. The guys made them all by hand. It must take alot of skill to do that.

Well, the Maple Festival is over for another year. I hope next year is as good and as profitable as this year was.

Daffodil Day

On March 22, the American Cancer Society sponsored a Daffodil Day at Andover Central School. Other schools and organizations held Daffodil Days. Throughout the County there were 10,000 Daffodils.

Throughout many years Andover Central has proved to be very successful and willing to help.

Volunteers from grades 7 - 12 covered the whole school and various streets in town. Before 5 o'clock, the students had gotten donations for 1,000 daffodils and the volunteers didn't even cover the whole town.

Mrs. McCormick, school nurse and chairman of the American Cancer Society and Daffodil Day, said, "The success of this year's Daffodil Day was due to a beautiful sunny day, beautiful flowers, the thought of Spring, and the willingness and effort by all that participated". The American Cancer Society also says Thank You!

Feature

March 23rd the ACS had the privilege to observe a few of the Otto-Eldred Central High School girls perform on the balance beam, uneven parallel bars, vaulting box and doing floor exercises. They are a competitive team and are graded on individual performances.

Two of the girls have competed in Pennsylvania State; one of the girls finished 10th place and the other girl didn't place due to an injury.

We enjoyed watching the girls and would like to have the girls and boys teams return with their coach Jim Farr

Swimming

All summer long kids think about their first swim of the year. People somehow do not enjoy swimming as well in cool weather. But it seems that people do not care in the Spring. The first warm day of the year the pools come open. They clean them out and jump in. Do they ever feel better and relieved! Then the pool will set until the next warm day. I should know we own a pool and are just waiting for that day to come.

It Could Be Your Mother

Is your mother just someone who washes your clothes? Stop for a while and just think of all the things your Mom has, and will do for you!

When you are feeling down, who is the one person that can usually cheer you up? How about that time you were too tired to sew your pants and you woke up in the morning to find them sewed — who did that? All that good food on the table morning, noon, and night — who put it there? Remember when you were little and had all those cuts and scratches — who fixed them up for you? Now stop and think for a while. Why could do all these things, and even lots more? Could it be, might it be, your MOTHER?
