HI-HERALD

News From Mr. Jordan

Mr. Jordan is currently reviewing the minimum requirements for Andover Central School as prescribed by the State Education Department.

The reason he is going over the budget is (1) to compare our present program with the state minimum to see if there is any possible area we can trim and (2) to prepare the 1979-1980 school budget.

Mr. Jordan is going to try to keep the taxes low for the Town and yet not lose out on any of the little extras that we need. The final draft of the proposal will be presented to the people in the spring.

Mr. Jordan is also going to meet with Dietary Consultants in Hornell at the next board meeting in November. The Board of Education is going to hear a presentation from Dietary Consultants also. They will talk about how to prepare better and more nutritious food for the kids. They also will show how to make the food you already have more appealing.

Parents !!!

Mr. Barden has put up signs for "No Parking" signs around the school and has found that they are being torn down.

The signs were put up to avoid damage to the school lawn.

This notice is to warn any parent in the area that if Mr. Barden catches the students who are doing this he will take them to court, hoping to stop this kind of mischief.

Thank You
